

Case Study

UniKey dongle's supporting multi-platform provides flexibility and security for our software distribution and license control, and the easy-to-use UniKey program saves lot of manpower and energy.

--Martin Lee

UniKey —Multi-Platform Support Provides Enhanced Flexibility and Security.

Software

The software is a highly optimized and user friendly 3D package for simulating oil offshore exploration. It is an extremely fast and efficient analysis and visualization software package. The program runs on all major computer platforms including Windows Linux and Mac. It is completely programmed in C++.

Technical requirement

The program can run on all major platforms including Windows (98/ME/NT/XP), Linux (RedHat, SUSE) and Mac OS X (10.2 and higher), the software protection dongle has to meet all the requirement above to distribute and protect the software.

Solution—UniKey supports multi-platforms

UniKey is supporting wide range of programming languages, including VC6.0, VC2005 (both 32bit and 64bit), VB, VFP, PowerBuilder, BCB, VS.Net, C, Delphi, Java, RealBasic, MinGW, AutoCAD, WinDev and Director. UniKey dongles support MacOS systems, both Intel-based Mac and PowerPC-based Mac. UniKey dongles work on Windows 98SE, 2000, XP, 2003, Vista, both 32bit and 64bit, Linux (2.2, 2.4, 2.6 and on).

The software vendor benefits the flexibility and security from UniKey multi-platform support. They can use the UniKey API to store licenses, and remote activate new features. All in all, the software vendor grows their revenue by keeping away the software thefts, and effects the license control management.

Benefit

- Effectiveness—UniKey streamlines the license control and the software distribution.
- Security—UniKey provides strong security by API.
- Flexibility—UniKey provides Multi-platform operating systems.

About SecuTech and UniKey

SecuTech Solutions Inc. is a company specializing in software license management business systems focusing on the international market with their class leading UniKey product range. Having an extensive and in-depth range of experience within the Software Management Licensing market, SecuTech has drawn upon this experience to utilize today's cutting-edge technologies to introduce a COMPLETE and affordable solution for today's software vendor markets worldwide
